

**IN THE SPECIFICATION:**

Please substitute the following title and first paragraph of the specification shown as amended for the title and first paragraph of record:

~~Portable Device and System to Remotely Access~~ Method For Remotely Accessing A  
~~Computer From A Distant Location And For Using A TV or Other Video Monitor To~~  
Display Computer Data

**FIELD OF THE INVENTION**

This invention relates to a method for remotely accessing ~~portable device and system to remotely access~~ a computer from a distant location and for using a TV or other video monitor at the remote location to display the stored computer data files for the purpose of reading and/or editing or creating new data files. The method ~~portable device and system~~ of the present invention may also be used to access a computer remotely through the Internet ~~through the remotely accessed computer~~ so as to view and/or transfer information from the world wide web "WWW" for display in the TV or other video monitor.
